The Town of Bonnyville passes a bylaw annually for the preparation of supplementary assessments as per the Municipal Government Act (MGA) Section 313 which states:

313 (1): If a municipality wishes to require the preparation of supplementary assessments for improvements, the council must pass a supplementary assessment bylaw authorizing the assessments to be prepared for the purpose of imposing a tax under Part 10 in the same year.

The Supplementary Assessment Bylaw is passed to reflect the value of an improvement that has not been previously assessed or the increase in the value of an improvement since it was last assessed.

**6.d Request for Decision - Property Tax Write Off's - Sportsman Mobile Home Park**

Designated Manufactured Homes located in a Designated Manufactured Home Park such as Sportsman Park receive an assessment and tax notice for the improvement (the mobile home) annually. If the improvement is removed from the Manufactured Home Park, the Municipal Government Act (MGA) states that the taxes are to be prorated for the number of months that the mobile home was still in the municipality. Owners removing Manufactured Homes from the municipality are to notify the Town of Bonnyville Planning Department to obtain a Development Permit and the Property Tax Department to have the property taxes prorated.

There have been three manufactured homes removed from Sportsman Park where the Town was not notified and as such there are balances owing for taxes on the Property Roll Accounts. As the Town does not know where the property owners or properties have relocated, these taxes are uncollectable.

Councillor Sharun asked if there were serial numbers provided when the homes were registered with the Town that can be traced.

Renee Stoyles - General Manager of Corporate Services, stated that we do have serial numbers, however they cannot be traced and one mobile was completely dismantled.

Mayor Brosseau stated that it was interesting that these trailers can be moved out and the park does not notify the Town.

Renee Stoyles stated that the park now has new management that is working closely with our Tax department.

**Motion No. 089**

**Moved by:** Councillor David Sharun

THAT Council direct Administration to write off \$3,157.10 for the properties that moved out of Stalls 40, 58 and 137 in Sportsman Manufactured Home Park.

**CARRIED**

**6.e Request for Decision - Property Tax Exemption**

Administration received an application from the Lakeland Lodge and Housing Foundation requesting property tax exemption for the property they recently purchased located at 4802-47 Avenue. Section 362(1)(n)(iii)(B) of the Municipal Government Act provides that property used for a charitable or benevolent purpose that is for the benefit of the general public and owned by a non-profit organization is exempt from taxation. However, it is up to the Municipality to make the determination with respect to whether or not the organization is providing a charitable or benevolent purpose.

In the previous three years this property has been exempted from taxation as it was assessed as Church property.

**Motion No. 090**

**Moved by:** Councillor Kayla Blanchette

THAT Council Exempt the property that is owned by the Lakeland Lodge and Housing Foundation located at 4802-47 Avenue from all property tax, excluding Local Improvement tax for the years 2023, 2024 and 2025 pursuant to Section 362 (1) (n) (iii) (B) of the Municipal Government Act.

The cost of rental of the C2 facilities for this 5-day camp is estimated at \$10,250.00 which includes one sheet of ice, one classroom and one field house. **Importance:** High

***Good Afternoon,***

SACDA (School Age Care Directors Association of Alberta) would like to formally **request for your support and partnership with SACDA's annual *Lights On Afterschool Alberta* initiative.**

**Description of Event:** Our entire intention is to “shine a light” on the positive impact out of school care programs create for children, families, and communities across the province. We want to educate policy makers on these impacts and have them focus their efforts to improving recognition, availability, affordability, accessibility and quality for our sector and the educators that work in it.

We are asking municipalities to “light up” Landmarks Yellow and Blue, and request a proclamation or possibly a video from the Mayors, recognizing the impact programs make for children, families, and communities, and to recognize for the educators who make these programs possible.

Last year, we had the Calgary Tower, High Water Bridge in Edmonton, Lethbridge Town Hall, and Medicine Hat Tepee, Grand Prairie Sun Dial, and other monuments across the province lit to support the event/movement and proclamations from many of these municipalities as well.

SACDA's mission is to provide school-age care professionals with a province-wide network of community-based support and to advocate for greater availability of quality, affordable care in Alberta. We want the province to recognize the impact these programs make in their communities during the “Critical Hours” before and after school.

Any additional Promotion of the event is welcome.

We are asking municipalities to partner with SACDA by both recognizing **April 21<sup>st</sup>, 2023** and “*Lights On Afterschool Alberta Day*” and put forward a proclamation for declaring the day to be “ Lights On Afterschool Alberta Day” in their municipality.

You can see our promo video for programs (pre Covid) Here: <https://youtu.be/00KJ6bRFuT4>

Below is a draft copy of the requested wording of the proclamation- feel free to change as needed:

## **PROCLAMATION**

Lights on Afterschool Alberta is a province-wide initiative, celebrating school age care programs and their role in keeping kids safe, inspiring them to learn, and supporting working families.

Whereas: Afterschool programs build stronger communities by bringing together families, schools and community partners to ensure the well-being of our children;

Whereas: Working families have peace of mind, knowing their school aged children are safe and productive before and after the regular school day;

Whereas: Afterschool programs focus on developing skills and building resilience in our young people, giving them the tools to become responsible and engaging members of the community.

On behalf of City Council and the citizens of Calgary, I hereby proclaim April 21<sup>st</sup>, 2023 as:

**“LIGHTS ON AFTERSCHOOL ALBERTA DAY”**

Previous proclamations , support, and other information can be found on our website:

**Re: School Age Care Directors Association – Lights On After School Alberta**

To whom it may concern,

On behalf of the School Age Care Directors Association of Alberta we wish to reach out to ask for your organizations support and acknowledgment of Out of School Care Programs in Alberta by participating in our 7th Annual ***Lights On Afterschool Alberta*** celebration on April 21st, 2023. This day is a collective celebration of the positive impact Out of School Care Programs make for children and families throughout the province.

SACDA started this day seven years ago in Calgary with a few programs and in a few short years, has spread province wide. This year, municipalities around the province will be lighting up their monuments in blue and yellow to show support for OOSC programs including the Calgary Tower, High Level Bridge in Edmonton and the Saamis Tepee in Medicine Hat and the Sun Dial in Grand Prairie. Additionally, municipal Mayors have dedicated the day through proclamations showcasing support for OOSC.

Past local events have encouraged programs across the province to host community events, inviting elected officials and policy makers to programs, and allowing each program to help “shine a light” on the value OSC program offers communities and their youth.

The School Age Care Directors Association of Alberta (SACDA), formally requests a show of support to the School Age Care community with either a written letter of support or a quick video that can be shared with programs and parents across the province. This unity in support will show programs and families that School Age Care and its interests will continue to be supported and championed both throughout the province and moving forward from all political parties.

**We ask that in your response to please consider the following questions:**

- What value and impact do you see quality OSC programs create in both communities and the success and well-being of children in Alberta?
- What is your vision for OOSC in Alberta?
- How will you ensure that OOSC is included in the early learning and childcare conversation?

We truly appreciate the work that you do to continue to help advance our sector, and hope that one day you might be able to attend one of our OOSC members sites, and attend a future annual conferences to see first-hand the dedication of our professional community and the important work conducted on a daily basis with Alberta’s families.

We encourage you to visit <https://www.calgarysacda.com/lights-on-afterschool> and learn more about the event as well as watch our *Lights On Afterschool Alberta* Video developed last year here: <https://youtu.be/00KJ6bRFuT4> .

Feel free to contact me directly for further information, conversation and support.

Sincerely,

## LIGHTS ON AFTER SCHOOL ALBERTA

**Core Values:** Families, Awareness, Advocacy, Opportunity, Empowerment,

*The only province-wide event that highlights and celebrates how before and afterschool programs keep kids safe, inspire them to learn, and help Canadian working families.*

*Before and afterschool care programs provide an impactful time for children to learn and develop essential life skills, leadership, and engage in their communities in ways they may not otherwise have the opportunity to experience. While the hours children spend in out of school care are minimal, they have a powerful impact that lasts a lifetime.*

*Out of school care programs provide an essential service to families by providing safe environments and quality care for their children during the "critical hours" meeting the needs of all families, including low income and single parent households.*

<https://www150.statcan.gc.ca/n1/pub/89-652-x/89-652-x2014005-eng.htm>

*Lights On After School Alberta is an advocacy initiative that helps "shines a light" on the importance and impact of Afterschool care programs across the province-creating opportunities through community events geared to help programs develop connections with parents, schools, local businesses and advocates, helping build stronger foundations for Alberta youth.*

# REQUEST FOR DECISION

**To:** Council

**Date:** April 4, 2023

**Submitted By:** Administration

**Target Review Date:** Apr 11, 2023

**SUBJECT: Funding Request – Bonnyville Baptist Church  
Donation To Improve Disc Golf Course**

**Reviewed By:** CAO

---

**BACKGROUND:** Attached is a Donation Request from Graham McDonald, Bonnyville Baptist Church requesting funding in the amount of \$2,500.00 to improve the community disc golf course they installed on their property located at 4210-34 Street. If approved, this funding would be used to plant trees, create a picnic area with a fire pit and install 9 additional tee locations with signage. The target completion date for this project is May or June 2023.

**OTHER COMMENTS:** The Bonnyville Baptist Church installed the community disc golf course in 2022 and from July to October they had approximately 75+ users playing over 500 rounds of golf. As this will be their first full season and the inclusion of a league night, they hope to surpass these numbers in 2023.

This project provides a free outdoor recreation activity to residents and visitors to the Town and is accessible for all ages.

**REPORT/DOCUMENT:** Donation Request Form

**KEY ISSUE(S)/CONCEPT:** To request Council's decision with regards to donating the amount requested to the Bonnyville Baptist Church to improve their Disc Golf Course.

**DESIRED OUTCOME:** That Council approve funding in the amount of \$2,500.00 to the Bonnyville Baptist Church for their Disc Golf Course.

**ALTERNATIVES:** Council can choose to donate a different amount or choose not to donate to this project.

**RELEVANCE TO STRATEGIC PLAN:** The funding request from the Bonnyville Baptist Church for improvements to their Disc Golf Course is in direct correlation to Council's Strategic Plan Priority Focus Area of Recreation and Wellness. The installation of the disc golf course by Bonnyville Baptist Church adds free recreational and fitness activities to residents and visitors to our community.

---

**RECOMMENDATION:** That Council approve a donation in the amount of \$2,500.00 to the Bonnyville Baptist Church for improvements to their disc golf course.

---

**IMPLICATIONS OF RECOMMENDATION:** Administration will inform the Bonnyville Baptist Church of Council's decision.

**FINANCIAL IMPLICATIONS:** The 2023 Interim Budget did include an amount of \$20,000.00 for various requests related events, sponsorships or donations which has a remaining balance of \$16,690.00.

**Date:** April 4, 2023

**Submitted By:** Administration

**Target Review Date:** Apr 11, 2023

**SUBJECT: Funding Request – Hearts for  
Healthcare 2023 Gala**

**Reviewed By:** CAO

---

**BACKGROUND:** Attached is a letter with a Sponsorship Request from The Hearts for Healthcare requesting funding for the 2023 Hearts for Healthcare Gala being at the Cold Lake Energy Centre on May 6<sup>th</sup>, 2023. The total funding requested is for \$6,000.00 which includes a Loyal Level Support Sponsorship for \$5,000.00 and purchasing a table of 8 in the amount of \$1,000.00.

**OTHER COMMENTS:** In the past, the Town of Bonnyville has not Sponsored Health Gala events, such as this one, in our community or any other communities before. The Town recently purchased two tables for the Bonnyville Health Centre Gala at a total cost of \$2,000.00. As Council, we have also not previously attended the Hearts for Healthcare event in Cold Lake.

If enough members of Council and Spouses are available to attend, we could consider purchasing the Table for 8 that has been reserved for us, alternatively, if not enough are available we could consider sponsorship of an equivalent amount. Sponsorship levels range from a Partner Sponsorship in the amount of \$500.00, a Friend Level at \$1,000.00, and up to a Superior Level Sponsorship in the amount of \$25,000.

**REPORT/DOCUMENT:** Letter with Sponsorship Request Package from Hearts for Healthcare.

**KEY ISSUE(S)/CONCEPT:** To request Council's decision regarding sponsoring this event and/or purchasing a table for the 2023 Hearts for Healthcare Gala.

**DESIRED OUTCOME:** That Council approve attending the event through the purchase of a Table, Sponsorship or both.

**ALTERNATIVES:** Council can choose to sponsor this event by selecting one of the sponsorship levels as listed in the sponsorship package, purchase a table for 8, or both, alternatively we can decline the request.

**RELEVANCE TO STRATEGIC PLAN:** Although the funding request from Hearts for Healthcare is not in direct correlation to Council's Strategic Plan, increasing services to healthcare closer to home would be a benefit to our residents, as they may not have to travel to bigger centres for some healthcare needs.

---

**RECOMMENDATION:** That Council consider purchasing the Table for 8 that has been reserved for the Town, and/or approve a Partner or Friend Level Sponsorship for the Hearts for Healthcare 2023 Gala.

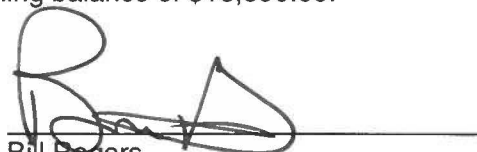

---

**IMPLICATIONS OF RECOMMENDATION:** Administration will inform Hearts for Healthcare of Council's decision.

**Dear Mayor Brosseau and Council**

Re: Funding Request Proposal – Hearts for Healthcare 2023 Gala

---

At Hearts for Healthcare, we strive to improve healthcare in Cold Lake with the unwavering help of our community. Our aim is to ensure that everyone has access to proper care from preventative medicine to emergency services. Our main initiatives include: the purchase of medical equipment, fostering facility upgrades, supporting our healthcare professionals and the public through awareness and advocacy and medical professional recruitment and retention.

The Hearts for Healthcare Gala is our primary fundraiser, and this year it is being held on May 6, 2023 at the Cold Lake Energy Centre. The recruitment and retention of Medical Professionals to our area remains at the forefront of our efforts and a primary concern heard from our community members and stakeholders. We have worked diligently to develop a program that builds and nurtures these efforts in response to the immense need to bring physicians into our community. We have built a strong community partnership with key stakeholders, like yourselves, and feel that our Recruitment and Retention Program will continue to have great success in ensuring that everyone in our community can access a family physician, reduce emergency room wait times and relieve the pressure on our current team of healthcare professionals.

Our request to you is join us in this collaborative community partnership that continues to have a direct impact on creating safe and healthy environments where your employees work, live and play. We are asking for a commitment to the following:

1. Loyal Level Support in the amount of \$5,000 which would include the purchase of specialty equipment for the Endoscopy Program at the Cold Lake Healthcare Centre that would provide our surgical team the necessary tools to allow patients to receive diagnostic and screening services close to home and reduce our current wait list for

procedures by half from 12 months to 6 months. This year's goal is to raise \$101,500 towards equipment from our Communities Healthcare Wish List:

- \*Olympus Gastroscope \$40,000
- \*CONMED Looking Glass Camera Printer \$27,000
- \*CONMED True Camera Heads x3 \$11,500 each

2. Consideration of attendance to the Hearts for Healthcare Gala on Saturday, May 6, 2023 a table of 8 is \$1000. We have a table reserved for your team.

Your collaboration and support of these programs will have a substantial and direct benefit to our Community.

**Benefit Statement:**

- \*Specialty equipment for Endoscopy will lower wait times for surgeries by decreasing turnover time between cases and allowing more surgeries per day
- \*Investments into programs such as equipment upgrades: improves our recruitment and retention efforts, allows patients to access care close to home, decreases wait times and stress on other departments/services
- \*Allows our Primary Care Providers to more effectively coordinate continuity of care when the patient can receive their assessment, treatment and recovery at home = building relationships and trust between PCP's, specialists and their patients.
- \*Aids in Recruitment and Retention of Medical Professionals: Each newly recruited physician = 1500+ patients have access to a family physician

**Serviceable Area:**

- \*The Cold Lake Healthcare Centre services a surrounding area of more than 40,000 people that utilizes our hospital programs and services
- \*The catchment area that utilizes our healthcare facilities include: City of Cold Lake, MD of Bonnyville, 4 Wing Cold Lake, Towns of Bonnyville, St Paul, Elk Point, communities into Saskatchewan, also our 12 surrounding indigenous communities including: Cold Lake First Nations, Elizabeth Metis Settlement.

We hope that you will consider helping us in our continued efforts in nurturing and encouraging growth within our current healthcare team by providing them with the appropriate resources, equipment and support staff.

Thank you again for your support.

Sincerely

The Hearts for Healthcare Board of Directors

Dear Chief Elected Official:

Joint use and planning agreements (JUPAs) between municipalities and school boards operating within municipal boundaries enable the integrated and long-term planning and use of school sites on municipal reserve, school reserve, and municipal and school reserve lands.

On June 10, 2020, Section 670.1 of the *Municipal Government Act* was proclaimed, setting the deadline for municipalities to complete these agreements with the applicable school boards by June 10, 2023.

The ministries of Municipal Affairs and Education have heard from municipalities and school boards about the challenges of meeting this deadline. My colleague, the Honourable Adriana LaGrange, Minister of Education, and I have agreed to extend the deadline for municipalities and school boards to June 10, 2025, to provide sufficient time to complete these agreements.

In addition to this extension granted as per Ministerial Order No. MSD:013/23, the Ministry of Municipal Affairs can provide additional supports to municipalities to assist with the development of these agreements. Questions regarding JUPAs can be directed to a planning advisor at [ma.advisory@gov.ab.ca](mailto:ma.advisory@gov.ab.ca), or toll-free by first dialing 310-0000, then 780-427-2225. Should municipalities require support to mediate discussions with school boards, please email [municipalcollaboration@gov.ab.ca](mailto:municipalcollaboration@gov.ab.ca) or call the number above for more information.

Sincerely,

Rebecca Schulz  
Minister

Dear Mayor Brosseau:

Thank you for your letter dated January 11, 2023, regarding your concerns about the redesign of Alberta's victim services delivery model. This redesign was announced on July 19, 2022, and is scheduled for implementation by April 1, 2024. I appreciate the opportunity to respond on and provide the following information.

I would like to reassure you that the move to a regional governance model for police-based victim services units has always been intended to improve the consistency, stability, and continuity of services received by victims of crime across all municipal, rural and remote regions of the province. It is also designed to ensure that all victims will continue to be supported locally by dedicated workers and volunteers from within their own communities. Although board governance is moving toward integration, all front-line services will remain local.

**Is Victim Services being removed from your community?**

In short, no. The new governance model will empower more than 130 paid, front-line victim caseworkers (full and part-time equivalents), who live and work in the communities they now serve. Victim caseworkers will continue to be co-located with RCMP members in their local detachments, work alongside their volunteer advocates, and be supported by both their regional boards and new, full-time centralized professional support staff (CPSS) with one CPSS for each region. These CPSS teams will consist of, at minimum: a chief executive officer; human resources business partner; director of regional operations; justice navigation program coordinator; regional volunteer advocate coordinator; equity, diversity, inclusion and accessibility specialist; office administrator; finance officer; and a retained legal resource.

The new regional governance model for police-based victim services means all areas of the province, including small, rural and remote communities, will have uniform, flexible and sustainable victim services.

.../2

The new layer of full-time, professional support staff for front-line victim caseworkers will stabilize and improve programs above and beyond what is offered under the current governance structure. Front-line caseworkers will have more time to work with volunteer advocates and local RCMP officers to support victims in the immediate aftermath of a crime, to provide court support within an integrated and co-ordinated court support program, and to engage with community partners.

**How will our communities be represented at the regional level?**

Front-line staff will work in the same detachment areas in which they live, as will their cadre of volunteer advocates. The new regional governance boards will be virtual in nature, and consist of members from communities across the region. While every detachment area will not necessarily be represented at the board level, no more than one board member per detachment area will be selected.

**Did the MLA-led review ever seek to engage municipalities, and did it engage local victim services units (VSUs)?**

The MLA-led review of victims services took place over 2020/21 and included participants from Rural Municipalities of Alberta and Alberta Municipalities. Other individuals and organizations engaged during this period included MLAs from across the political spectrum, volunteers and staff at police-based VSUs, victim-serving community organizations, a variety of police service representatives including the RCMP, legal experts and Indigenous organizations. Alberta held about 40 engagement sessions, with around 150 stakeholders and organizations. The Victim Service Redesign is based on feedback from these engagements and reflects the final report and recommendations of the MLA-led review. The Victims Services Redesign team continues to meet with affected or interested groups and municipalities to gather any outstanding questions, concerns and suggestions. These meetings have been instrumental in informing the development of the new model.

**Will there be a reduction in the scope of services provided by the new victim services model, and will this new model serve Albertans who have been traumatized by non-criminal and tragic events?**

As the Minister of Public Safety and Emergency Services I keenly recognize that services for victims of non-criminal trauma are incredibly important to Albertans. Please be assured Albertans will not experience a reduction in currently available services under the new model. If legislative amendments to the *Victims of Crime and Public Safety Act* are required to ensure this, then our government is receptive to introducing those changes.

**Are program managers and other staff guaranteed jobs or do they have to re-apply for positions within the new zonal model?**

Each new chief executive officer and respective support staff will be responsible for the hiring of the victim caseworkers. The Alberta government will collaborate with support staff groups to advocate for a process that honours the skills and experience of the current cadre of police-based victim services workers. We will be recommending that current VSU employees be invited into a stream-lined on-boarding process prior to any positions being publicly advertised.

These changes to victim services in Alberta are an exciting step forward to ensure victims in our province have the help they need when they need it most. Over the next year, we will continue to

work closely with municipalities and Indigenous communities to design and implement the new service delivery model. If you have additional questions, concerns or suggestions, I encourage you to contact Trent Forsberg, Director of Victim Services, at [Trent.Forsberg@gov.ab.ca](mailto:Trent.Forsberg@gov.ab.ca). We look forward to continuing to engage Alberta municipalities on this important initiative.

Thank you for your ongoing commitment to ensuring the needs of victims in your community continue to be met.

Sincerely,
